
Missing On-Campus Resident Student Policy & Procedures

Housing & Residence Life Provisional Policy

Purpose

The purpose of this policy is to establish procedures for Humboldt State University's response to reports of missing students residing on campus, as required by the Higher Education Opportunity Act of 2008.

For purposes of this policy, a student residing on campus may be considered to be a "missing person" if the person's absence is contrary to their usual pattern of behavior and/or unusual circumstances may have caused the absence. People do not need to wait 24 hours to report someone as missing.

Policy

Individuals having reason to believe that a resident is a missing person must immediately notify the Humboldt State University Police Department (UPD), either in-person on campus in the Student Business Services building, Room 101, or by calling (707) 826-5555. A sworn police officer should initiate an investigation in accordance with the UPD's missing person policy, procedures, and regulations.

Missing resident reports should be made immediately and directly to UPD, 24 hours a day, seven days a week. Housing & Residence Life employees are required to make prompt reports to their supervisor and UPD.

Additionally, anyone may make a missing person report to any department on campus, including:

- Housing & Residence Life Office located on the 3rd floor of the Jolly Giant Commons or by calling (707) 826-3451
- Dean of Students Office in Siemens Hall 211 or by calling (707) 826-3504

All reports of a missing person are forwarded to UPD immediately.

Procedure

“Emergency Contact Information” Procedures

1. Housing & Residence Life may collect Emergency Contact Information on a form or electronically. Emergency Contact information will be maintained by Housing & Residence Life, who controls the release of their contents when needed. The “Emergency Contact” information is typically used to make emergency notifications to pre-designated parents, guardians, family members, or friends when a student becomes sick or injured.
2. Non-emancipated residents under 18 years of age shall be advised by Housing & Residence Life that, if they are reported to be missing, their parent or guardian will be notified.
3. Housing & Residence Life may provide information to UPD from a missing student’s (any age) Emergency Contact Information to further the missing person investigation. This policy acknowledges that a common investigative step in missing person investigations is police contact with family members who are designated on these types of documents.

“Confidential Contact” Procedures for Missing Person Notification

1. Housing will provide each student living in an on-campus housing facility with the option to register a “Confidential Contact” person to be notified in the case that the student is determined to be missing. This person may or may not be the same person listed as the student’s “Emergency Contact”. The sole purpose of collection and retention of the “Confidential Contact” information is for campus officials to make notification in the event that a resident is determined to be missing.
2. Housing may collect this information on a form or electronically. “Confidential Contact” information is intended to be kept confidential and only accessed in a reported missing person situation.
3. Housing shall be the custodian of “Confidential Contact” information. This information may only be released upon authorization by the Vice President for Enrollment Management, the Associate Vice President for Student Success, the Dean of Students, Senior Director for Housing & Residence Life, or the acting Senior Director for Housing & Residence Life in the absence of the above-named persons.
4. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to “Confidential Contact” information.
5. All students shall be advised by Housing at check-in that in the event they are reported missing, UPD shall be notified, regardless of whether or not they have registered a “Confidential Contact” person.

Specific Procedures When a Student is determined to Have Been Missing

1. Anyone who has or receives information that a student may be a missing person must notify UPD immediately.
2. UPD will promptly initiate an investigation consistent with UPD policies, procedures, and applicable regulations which includes notifying and collaborating with local law agencies within 4 hours of UPD receiving a missing person report.
3. Upon request by UPD, Housing & Residence Life will assist in gathering essential information about the situation and the missing resident (e.g., description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental well-being of the student, information from the Housing Department's Emergency Contact Information Form, an up-to-date photograph, class schedule, check meal plan activity, read resident's key lock information, etc.). 6. If the missing student is under 18 years of age and not emancipated, their parent or guardian will be notified that they are missing by an authorized official of the university as described below.

10. If not already aware of the situation, the Vice President for Enrollment Management, the Dean of Students, the, the Senior Director for Housing & Residence Life, acting Executive Director of Housing & Residence Life, and Marketing and Communications Department should be notified of the missing student's name and circumstances.

12. The Dean of Students or designee may contact the student's professors and advisor.
13. Summary of Investigative Procedures for Missing Students
 - a. UPD should accept any report, including any telephone report, of a missing student. Initially, UPD should assume primary investigative responsibility for the case and strive to carry out its responsibilities consistent with UPD policies, procedures, and applicable regulations.
 - b. UPD should conduct interviews, gather information, and evaluate possible evidence. Sworn personnel should assess the situation, any known at-risk factors, and request assistance as needed. UPD may make appropriate notifications to other law enforcement agencies.
 - c. In some circumstances, the primary responsibility for investigation of a missing student case may shift from UPD to another agency; e.g., when information is developed indicating that the student's disappearance was actually from their home town or from another jurisdiction.
 - d. UPD may immediately release a photo of the missing Residence student as a tool to assist in locating the individual, and may seek information and/or assistance from a variety of campus and/or community resources during the course of the investigation.

Campus Communications Regarding Missing Students

1. UPD may immediately initiate communication to the campus about the situation, if deemed appropriate (e.g., flyers passed out and/or posted prominently).
2. In continuing situations, UPD may initiate more formal communication in the form of news releases, press briefings, and other means. Such formal communications should be coordinated through and with the assistance of the HSU Marketing and Communication Department.
3. Whenever possible, Housing and the Office of the Vice President for Enrollment Management should be consulted and informed regarding formal communication content and strategies.
4. All inquiries to the university and its employees regarding missing students, or information provided to any individual at the university about a missing student, shall be handled in a coordinated effort by UPD and Marketing and Communications.
